PROFESSIONAL SUMMARY

ECE student with a strong foundation in programming and hands-on software development experience through internships and academic projects. I am a quick learner, adaptable to new technologies, and have good problem-solving skills. Seeking a software engineering role to learn, contribute, and grow in a dynamic team environment.

EDUCATION

B.E.	Electronics and Communication Engineering R.M.D. Engineering College (Full-Time)	2023-2027	CGPA:7.97/10
12th	Velammal Vidyalaya, Paruthipattu, Avadi (Full-Time)	2023	79.8%
10th	Velammal Vidyalaya, Paruthipattu, Avadi (Full-Time)	2021	91.8%

SKILLS

Programming Languages: Java Programming
Frontend development: HTML, CSS, JavaScript
Backend development: Spring Boot, REST APIs
Databases: MySQL, MongoDB
Tools & Platforms: GitHub, Postman

INTERNSHIP EXPERIENCE

CVRDE, DRDO, MINISTRY OF DEFENCE

JUNE 2025-JULY 2025

- Studied HD-SDI-based high-speed video transmission systems.
- Gained exposure to video standards and embedded communication interfaces.

Nurovec India Private Limited – Software Engineering Intern

JUNE 2026-PRESENT

- Developed an OCR receipt processor using Java, Tesseract OCR, and JSON for structured receipt data extraction.
- Developed a WhatsApp Mini CRM for automated contact extraction using JavaScript.

PROJECTS

CNG CONNECT - Location & Navigation Platform

- Developed a location-based web application using HTML, CSS, JavaScript, Leaflet.js, and Spring Boot.
- Implemented REST APIs using Spring Boot and integrated MongoDB for managing users, stations, and application data.
- Integrated geolocation, map-based routing, crowd-status updates, and multilingual and voice-assisted features to improve station discovery and navigation.

UPI Settle - Merchant Payment Reconciliation Engine

- Developed a Java-based reconciliation engine that simulates merchant payment and settlement records for transaction analysis.
- Implemented business rules to identify matched, missing, duplicate, and amount-mismatched settlement records.

CERTIFICATIONS

- Certified in “Introduction to Internet of Things (IoT)” from IIT Kharagpur through NPTEL
- Certified in Java Programming - CASS Academy Computer Education
- AI and Career Empowerment – University of Maryland.

ACHIEVEMENTS

- First Prize - Technical Quiz - Meenakshi Sundararajan Engineering College
- Smart India Hackathon (SIH) 2025 – Participated in idea screening and submitted the proposed solution with a PPT
- Certificate Of Achievement – Walmart Sparkathon (2025).
